---

**Attention:** The letters *za* and *ra* denote *ḡ* and *ṡ*, respectively, of Tamil. Also note that *rra* sounds almost like *ṡra*, *ṡri* like *ṡri*, and so on. The consonant-cluster *nṡa* is pronounced somewhere between *nra* and *nḍra*. It is, however, colloquially acceptable to pronounce the clusters *rra* and *nṡa* as *tta* and *nna*, respectively.
